Course Outline

This package includes these courses

- Microsoft Access Level I (6 Hours)
- Microsoft Access Level II (6 Hours)

Microsoft Access Level I

- Navigate within the Microsoft Access application environment, create a simple database, and customize Access configuration options
- Organize and manage data stored within Access tables
- Use queries to join, sort, and filter data from different tables
- Use forms to make it easier to view, access, and input data
- Create and format custom reports

Microsoft Access Level II

- Design a relational database.
- Join tables to retrieve data from unrelated tables.
- Validate data entered into a database.
- Use advanced queries to manipulate your data.
- Organize a database for efficiency and performance, and to maintain data integrity.
- Customize reports to organize the displayed information and produce specific print layouts.
