

WordPress Bootcamp

Learn how to create and manage websites using WordPress without any web design background. This extensive training course covers everything from installing WordPress to customizing themes and creating custom templates, making it an essential skill for web developers as over 40% of websites use WordPress.

Group classes in NYC and onsite training is available for this course. For more information, email hello@nobledesktop.com or visit: <https://www.nobledesktop.com/classes/wordpress-bootcamp>
